

INTERNATIONAL SUMMER CAMPS

PARIS [for teens aged 14-18]
MONTREAL [for teens aged 12-17]

CREATE LEARN HAVE FUN

ISART DIGITAL, the international Video Game and 3D-VFX Animation school, with campuses in Montreal, Paris and Tokyo, is thrilled to welcome students to its SUMMER CAMPS! Our camps allow both beginners and experienced students to come and create, experiment, and delve deeper into their passion for art, video games, and 3D-VFX cinema. Summer Camp students benefit from the savoir faire of ISART instructors fresh from the industry, in the heart of Paris and Montreal.

Jump start your future and come join us this summer!

THE ISART SUMMER TEAM

27 JUNE 22 - 01 JULY 22

04 JULY 22 - 15 JULY 22

FRANCE PARIS SKETCHBOOK

If you're interested in scenery, architecture and observational drawings, PARIS SKETCHBOOK is for you! Soak up the scenery in the City of Lights - Paris! Learn outdoor sketching techniques and create authentic-looking travel diaries - valuable additions to your portfolio. You'll focus on drawing and color, as well as pencil drawing techniques and acrylics. Your instructors will give you the key skills to ensure success in future outdoor drawings!

CANADA VIDEO GAME CREATION

This camp will introduce you to creating video games! You will discover how to establish the rules (Gameplay), create levels (Level Design) and integrate the game mechanics (Programming). In two weeks, you will learn how video games are designed, how to create your own universe and how to work in teams with other teenagers as enthusiastic as you!

04 JULY 22 - 15 JULY 22

04 JULY 22 - 15 JULY 22

CANADA 3D CREATION

Learn about 3D Creation from the pros! You'll find out how popular animated films and special effects are created. You'll also be able to animate your very own characters and create a project in 3D! You'll meet other passionate young people in a professional environment, while having fun thanks to a number of exciting activities, all of which will allow you to better understand the inner workings of the fascinating world of 3D.

CANADA CREATIVE SKETCHING SCENERY & CHARACTERS

You will learn the sketching techniques to create your own scenery and characters. You will design your first fantasy creature or superhero.

And you will go even further by trying your hand at coloring. Outdoor sketching and museum visits will also form part of this course. Your observational drawing will improve with the help of experienced artists.
